

Precision Neuroscience Conference

25 – 26 MAY
ROANOKE, VIRGINIA

Advancing neuroscience-based precision medicine

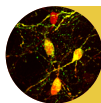

The 3rd International Precision Neuroscience Conference builds on a collaboration between Nordic and Virginia universities to advance neuroscience-based precision medicine. Hosted every two years, the conference attracts 200+ neuroscientists, resident and attending physicians, postdoctoral fellows, and graduate students.

Registration is now open!

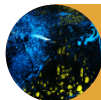

\$75 Student Rate

\$275 General
